DETAILED ACTION

The following is a response to the amendment received on November 23, 2004 which has been entered.

Response to Amendment

Claims 1-15 are pending in the application.

-The objection to claims 3, 6, 9 and 15 has been withdrawn due to applicant correcting errors as indicated in the office action mailed on August 23, 2004.

-The 112 2nd rejection of claims 1-15 has been withdrawn due to applicant correcting antecedent basis for limitations in claims 1, 5, 7, 8, 9 and 15.

Allowable Subject Matter

Claims 1-15 are allowed. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or render obvious a motivation to provide for:

-(as to claims 1 and 13) a method for operating and an apparatus for a motor vehicle wherein a clutch engagement/disengagement is controlled during shifting from R to D by momentarily engaging an engine torque before the shift occurs in combination with all the remaining limitations of claims 1 and 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
